Missionaries to our
US Military

26 July 2022

Dear Friends,

Caio! One thing I think we all have in common right now are scorching temperatures. This makes ice cold coffee a treat so chill up a cup and read on...

As the rotations continue this year, we have seen families leave and singles come in. This impacts the numbers but doesn't decrease the ministry opportunities.

Included in this letter are pictures that reflect much of what we do:

- Working with young families
- Encouraging fellowship among the brethren
- Discipling our members
- Feeding the singles (in exchange for doing the dishes – (they gladly do it!))
- Welcoming believers from other countries into our church family.

The missing photo would represent the deployed people who are away from their families that unite with us when they can for church. We try to give them a church home away from home.

Praise the Lord for all He does through your prayers and giving.

In Christ,

W. A. (ae) Hamilton

The Hamiltons
