## MISSIONARIES IN CEBU, PHILIPPINES

March – May 2022 Prayer Letter

**{POWER OF THE GOSPEL}** It looks we are finally pulling out of the pandemic here in the Philippines as church services have now resumed without restrictions. However, there is still no in-person classes yet in the colleges and public schools. The church here is still growing and doing well, and we are excited to see people being saved, and baptized regularly. One such recent story is the story of Richard. Richard was miraculously saved and baptized recently here at the church. I had the opportunity to personally disciple him throughout the past year. He came to church with his wife, and four children, and a lot of baggage from an unsaved lifestyle. His life before Jesus was marked by

drugs and jail. However, his life is now marked by Christ! What a blessing to see Richard growing in the Lord. He is one of the most active men when it comes to personal Bible study in our married men's life-group! He is considering enrolling in our night Bible institute, and I am hoping he does! Please pray for Richard.

**{ANSWERED PRAYER}** There is a mountain village called Banica that sits on the top of our barrio here. God has answered our prayer for that the gospel would penetrate this dark place, and we now have two young men who are saved and baptized from that village. They are literally the “the talk of the village”, as they come to church walking through the mountain goat-trails carrying their black Bibles every Sunday morning. An amazing thing happened to one of the young men named Neiljohn. He was praying for his father to be saved, and he actually came to church upon seeing the great change in the life of his son. He was even more surprised to come to church here and find his former drug dealer, Lito “Jaguar”! They both had a laugh, a smile, and an embrace as they thanked the Lord for his mercy and goodness, and of course, “second chances”. Pray for Raymund and his spiritual growth also for his son Neiljohn, and the other young man named Gian.

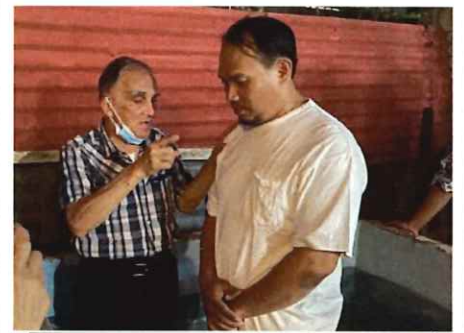

**{VISA FOR MY WIFE}** We are doing the best we can to get my wife processed for a visa to get back to the States this June. Please pray for us we process her visa that God would intervene and we would find favor with the consulate. We are also praying for interview for her visa that is much sooner than what they are telling us. Please pray for wife's visa and interview for approval for her visa to come to the States. We are planning a quick furlough and possibly update you in person. If you would like us to visit, please schedule with me as soon as you can.

**{PRAYER REQUESTS}** Pray for me Mom & Dad (Peter & Nenita) as they head to States for a quick medical furlough, my Mom needs laser surgery for her cataracts and my dad needs to recalibrate the computerized hearing aid implant he has. Pray for our Bible college students, spiritual growth for the new members. Pray for Bro. Warren, Bro. Jim and Bro. Azer as they continue to lead in their respective ministry departments here at the church. We are praying to open a church nursery, and also to reach even more children with our feeding ministry. We almost have our property paid off, but we are still praying for God's provision on the remainder \$65,000.+ We have also quite a few door-to-door evangelistic campaigns planned for the next couples of months, please do lift us up in your prayers.

Your Missionaries,  
*Frank Denisi*
