

The Drydens

Assistant Caribbean Director

A SECOND GENERATION TO MULTIPLE GENERATIONS

September & October

When the month of September showed up, it found Benji in Port-de-Paix, Haiti. That 3 week trip was full of activities, but very rewarding. During the week of our annual youth conference, a young lady received Christ as her personal Savior. There were 367 children whom attended a couple weeks of summer Bible Club, and 2 kids were saved as a result of those ministries. Praise the Lord for young people and adults whom were trained and continue to use their knowledge and talents for the Lord! It was also a great privilege to take part in the dedication ceremony of 2 children, whom are results of weddings I performed several years ago!

Praise the Lord Kerri and I were able to visit several supporting churches as well as some new churches. The need for more laborers is as great now as it has ever been! We have been the guests of 2 colleges which are preparing this generation to reach not only their generation but the next.

Now to take a “cruise” around The Caribbean and let you know how God is working and see the need for more laborers. Caribbean Radio Lighthouse has entered its 50th year, having a rich history of affecting eternal change in the lives of many islanders. This ministry is in need of another missionary couple and more funds. Headed south from Antigua, we will find a fine couple in St. Lucia doing a great work! In Barbados, the work there may seem slower than our American lifestyle, but relationships are being formed and the Bible is systematically taught. Further down is Grenada. Although hardships and difficulties have beset our missionaries there, blessings have also been bestowed. There is a definite need for a couple in education to assist in training the next generation. Trinidad sits just north of the South American coast. The training of future national church planters and church leaders is a great need in this wonderful island.

Why give these names and needs? The Caribbean is not just a place to take a cruise, it is over 20 countries which have physical and most importantly spiritual needs. Yes, funds are definitely needed as schools, Bible institutes and church buildings are built and maintained. There is also the need for more laborers to preach and teach this next generation. The next time you see an advertisement for a cruise, ask the Lord if your area of service is as a missionary in The Caribbean.

Serving Our Lord,

Benji & Kerri Dryden
