

2023 New Year Greetings (and end of 2022 resume) from Carolynn Sharp

THE NEWS: For years the ministry of New Hope Pregnancy Center has desired to provide a medical service of sonography. The NHPC is simply a counseling ministry with evangelism. However, abortion minded clients benefit from seeing that they truly are carrying a little created being. But we had no idea, where we would find a donated portable machine, nor how to get someone trained to use it.

The end of November I was informed that a portable ultrasound machine in the USA has been donated! Besides that, a doctor travelling to Liberia in March 2023 is willing to train personnel to use it! It is kind of a shocking blessing, to say the least. There is much to work out in the next 2 months.

Please pray for bro Aaron in Liberia as he seeks to get several people lined up to be trained. These are individuals who already have jobs in the medical field and would need to be allowed to step out of their jobs during the training period. This is not easy to have happen.

Pray that - the plans for this doctor will work well and the Liberians to be trained will keep healthy and be released from their jobs for the training.

Continue to pray for Ma Esther, Client Services Director, who is somewhat better, but still not home from the capital, nor to the ministry. Pray for sis Emily, her assistant, who is leading the day to day ministry with the young clients. There are about 13 coming for classes and counsel. Frequent illness amongst the counsellors is a great challenge and difficulty to get to the center in the rainy season.

FALL TRAVELS of 2022 I had the blessing of visiting my faithful supporters in the USA. With one, a lifelong schoolmate friend, I had an awesome trip to Colorado and Utah national parks to see monuments of God's creation. All I could see was 'WOW!' and 'thank you' to our Creator.

It was also a special privilege to attend a celebration at Emmanuel Baptist Church in Snohomish, WA in November for its long term pastor of 40 years and the founder of the church 60 years ago. A super privilege to have been loved, supported and blessed by them for almost 45 years! God's blessings never end.

I'm thankful for my good health. And thankful for you dear friends, for continued praying, encouraging and supporting me. I still do a lot of communication with the field and gather resources.

Praising Him,

Carolynn Sharp
