TO BELIZE

Dear Prayer Partners,

October 24th, 2023

Five weeks from today, Lord willing, I'll be within hours of the Belize border. November 27th, the plan is to cross into Mexico, and November 29th to arrive at the Belizean border. Our prayer is Proverbs 16:9, that as we make these plans, the Lord would direct our steps.

Right now, my family and I are in British Columbia as we finish these last weeks of deputation. This past Sunday we enjoyed meetings on Vancouver Island. It's been such a blessing to show our kids the west coast of Canada. Yesterday, they got to touch the Pacific Ocean for the first time. Because of the blessing of deputation, they have gotten to see several of the Atlantic provinces and now all the way over to the west. At the beginning of this month, God even made a way for them to visit Yellowknife, NWT and a great church up there. How awesome is that! Does travelling on deputation with three teenagers come with some challenges for us and them? Yes. But God has been so good. The kindness from strangers and from dear church members alike has been such a gift.

Our support level has continued to rise. We are currently at 88%. Please pray with us that God would continue to bring in the funds needed. If you saw my video on Facebook then you know that our container has shipped. It is en route to Halifax, NS, and from there to Belize City. It is expected to arrive mid-November. While the price of the container and the actual shipping costs are known, we cannot know what the Belizean government will require as far as import taxes. It is up to their discretion. If you would please pray with us concerning this. We have been saving in preparation for this, but the cost can vary wildly.

As we look back on this last year and a bit of this "furlough-tation", our hearts are so full. You've welcomed us into your churches and homes, given generously to help us on our way and to bless our children, you've taken us on for support to enable us to return to Belize. Please know, that we are so grateful for each of you and pray for you often.

Because He Lives,
Dan and Tracy Dinsmore
