What a busy eight weeks since we last wrote! God has blessed in a great way during this summer of ministry. We praise the Lord for the many decisions for surrender and service which have been made.

The last week of June, we had the privilege of assisting the Bassetts, the BIMI Enrichment Director and his wife, as they ministered during a special time of encouragement, relaxation, and renewal for our furloughing missionaries. God really worked, and many made the comment that this time was more necessary than they had realized. We look forward to hearing reports of all God will do through these faithful missionary families as they return, recharged, to labor on their field of service.

Much of our time has been spent preparing for and coordinating our yearly **Basic International Missions Intensives** called CAMP BIMI. Each week of training is about 70 hours of classes, workshops, cultural experiences, preaching, field presentations team building exercises and devotional times all curated to help the student find their fit in missions. Three tracks of training taught by more than 20 instructors run concurrently during the week. You can see the different classes represented by navy, gray and green shirts.

We had a total attendance of 117 mostly pre-college and college students who are seeking God's will for their lives. Each individual is carefully vetted and invited to the program. We have already had some of those who attended make application for full time missionary service, and others made decisions to prepare at college or through an internship program, to become effective soul winners or to become better servants in their local church.

Please join us in praying that the Lord of the Harvest will raise up a great host of laborers to work in His harvest field. Thank you for being a part of all that God has accomplished! We will write again soon. May God bless you for your prayers and support.

In Christ for the Harvest,  Jason and Mary Ritchie, Katherine, Anthony, Sean, Emily, Allison, Jenna, & Madelyn
