

September 2023

We pray this letter finds you well, enjoying your life and service to our Lord!

One of the most thrilling things as a missionary (or a pastor) is to see how God transforms lives, and we continue to see that over and over again! New Christians, who have been brought up in a world without God and with no knowledge of biblical truth, have found Jesus and a new life.

Please pray for Maite, a young girl who "felt" she was a man but has recently understood that she was believing Satan's lies.

Leandro, 20, who had been involved in darkness and depression is showing growth as he talks about his life before Christ.

Andrea Ferreira, a woman with a difficult past and three children (one of them has tried to take his own life), has recently come to Christ. Please pray for her and her children. She really wants to live for Christ.

Last week during Sunday school many children expressed that they had never heard that God created the world. We continue to see people come to know salvation in this atheist country. Thank you for allowing us to be your missionaries in such a dark place.

We have two prayer requests regarding finances:

The church in Nueva Helvecia urgently needs to buy a lot on which to build. The lot costs \$30,000. They have \$10,000, and our sending church just notified us that they are willing to help with a \$10,000 matching fundraiser to help buy it! Would you pray about the possibility of giving toward this project? We are praying earnestly that God will provide the full \$30,000. We have people interested in helping us put a building on the property, but first we need to acquire the land.

As we shared with you before, the dollar in Uruguay has lost much power. So, we are not fully supported.

Please pray for our children's decisions and challenges. Pray for them to always want to be in God's will. We rejoice in what God is doing, but the night is coming! There is so much more to be done. We desire to be faithful and to continue training men and women to serve Him.

God is faithful and always good! Thank you for all you do for us!

IMPORTANT NOTE: If you send any packages to Uruguay, you must inform us about it. If not, we cannot get them out of customs!

Yours for Uruguay,
Archie and Ruth Perez
