

# REACH VANCOUVER UPDATE

## The Conner Family / Summer 2022

Dear Praying Friends,

Thank you for your faithful prayer and support these months since our last update. God has been working in so many special ways, and I am grateful to be able to share them with you. It is hard to believe, but we are fast approaching one year since the Lord provided our new meeting location. The renovation and updating has been a huge task, but God has been faithful in providing the right people, and finances, as we have been hard at work to get the building to a more safe, clean and welcoming environment. We are so thankful to the churches that gave sacrificially to help us with these projects, and though we still have several areas that need attention like updating our fellowship hall, and getting the outside of the building painted. We have made sure to change our primary focus to establishing our presence and reputation in this new neighbourhood God has called us too.

Joy recently followed the Lord in Baptism.

Since this Spring, we have been going out into the community regularly, handing out invitations and talking to our neighbours. As well, in late May, we were able to direct mail to over 10,000 of the high and low rise buildings in our area. Throughout the Summer months of July and August, we are taking advantage of the good weather, and using our Mid-Week time for continued outreach in our community. Since starting, it has been a blessing to see first time guests almost every single week since this May. Please be praying for us, as there are several new people that are not yet saved, and others that need to follow the Lord in baptism. While we are grateful to see some measured growth recently, it brings with it some new challenges organizationally, and so we ask for your continued prayer as we navigate some of the volunteer and discipleship needs moving forward.

As we are looking ahead to the next few months, we are excited once again to participate in camp ministry with our sending church. We will be hosting a Day Camp in early August, and helping serve at teen camp later in the month as well. Please be praying as we have several new children and teens participating, and we are excited to see these areas of ministry develop. We have also applied to be a part of a local community day on August 26th, and are praying they approve us to participate in that event. It would be a great opportunity to serve and connect with the River District neighbourhood.

Thank you for your prayer and financial support, God is working and we need His wisdom and strength to remain faithful. We would not be here without your help, and God is truly doing something on your behalf for the Gospel in Vancouver.

Your friends,

**Paul & Jenette Conner**  
*Maximus, Myles, Owen & Royal*

We are so thankful for the spiritual and numerical growth these last few months.
