SERVANTS FOR THE MASTER

As we enter this new year, our children has prepared themselves for whatever the Lord has for them. They are excited to hear about the reopening of our Bible college. Although some of them are already in secular college, they are still willing to enter our Bible college once we open it. Since it was stopped in the pandemic, we are praying to reopen again it this year and we already have older children who grew up in the Home to enroll and be trained to be God's servants for the needy fields such as Up-North Canada, China, Vietnam, Cambodia, and other remote foreign countries. Please pray for us as we prepare to start and sustain this Bible college for them. It's wonderful to know that someday we will have home-bred missionaries to the ends of the earth.

SOUL-WINNING IS STILL OUR MAIN MISSION

Rex, 15 years old, had 11 souls led to the Lord this month while Maggie, who came as a baby and now 18 years old, has been involved in reaching children with the Gospel! It's a blessing to see these children attempting things for God for the furtherance of the Gospel! They are excited to regularly doing the old-fashioned door-to-door soul-winning. Praise God for the souls saved!

REVIVAL PREACHINGS

In January and February, our children attended several Bible conferences. They were challenged by the Word of God through the preachings of pastor Doug Wood and other visiting pastors from other countries. We are grateful for the changed lives of these children. Now they are equipped with God's Word to face this year.

THANK YOU FOR THE LAPTOPS

In the previous newsletter, we mentioned that we have been praying for laptops or computers for our children's education. The Lord has answered our prayers and provided us 6 laptops for them! We thank you for caring for our children's education! It was very useful for them as they had project deadlines, research, and examination this end of month.

LOLO HAS ARRIVED

The children are excited to see their "Lolo" (grandpa), pastor Doug Wood. They get to hang out with him even for a short period of time every January and get to play Domino Tournament against each other. They are happy to be with a servant of the Lord that has been a big part of our Home.
